

COMPANY PROFILE

Professional Cleaning and Facilities Management

Ras Al Khaimah, UAE

2026

haloclean.ae

ABOUT US

Clean Spaces. Clear Standards.

HaloClean is a professional cleaning and facilities management company founded in 2026, built specifically for Ras Al Khaimah. We are not a Dubai franchise extending into the Northern Emirates — we are a local operation, created to serve the communities, properties, and businesses of RAK with the attention and consistency they deserve.

Our team delivers residential, commercial, and specialist cleaning services across every community in the emirate, from waterfront developments on Al Marjan Island and Danah Bay to established residential neighbourhoods in Al Dhait, Khuzam, and Al Nakheel.

We use Ecolab professional-grade products, maintain strict colour-coded hygiene systems, and operate a fully digital booking platform that lets clients schedule, manage, and track their services online or through our app.

OUR MISSION

To set a new standard for cleaning and property care in Ras Al Khaimah — one built on reliable teams, honest pricing, consistent quality, and genuine local expertise.

OUR VALUES

Reliability

We show up when we say we will, with the right people and the right equipment. Every time.

Quality

Ecolab products, trained staff, and colour-coded systems ensure results you can see and trust.

Transparency

Clear pricing before we arrive. No hidden fees, no surprises. What we quote is what you pay.

Local Commitment

Built for RAK, operated in RAK. We know the communities, the climate, and what properties here need.

OUR SERVICES

- * Flexible scheduling — same week availability across RAK
- * Transparent pricing confirmed before arrival
- * Satisfaction follow-up after every clean

FACILITIES MANAGEMENT~

One Provider. Complete Property Care.

HaloClean's facilities management service brings cleaning, maintenance coordination, inspections, and specialist services under a single point of contact. For property owners, landlords, and building managers across Ras Al Khaimah, this means fewer contractors to manage, more consistent standards, and a single team that understands your property inside and out.

Our FM offering is built from our cleaning expertise outward — we started with what we know best and added the services that our clients were already asking us to coordinate. The result is an integrated property care model that's practical, transparent, and designed for the RAK market.

FM SERVICE LINES~

Soft FM Services

Regular and deep cleaning, janitorial services, waste management, washroom hygiene supplies, and outdoor area maintenance. The foundation of our FM offer and what we do best.

Property Management Support

Move-in and move-out preparation, periodic property inspections, key holding and access coordination, and tenant turnover servicing. Backed by our sister company WayHome Real Estate.

Landscaping & Outdoor Maintenance

Garden care, communal area upkeep, outdoor furniture cleaning, and compound-wide grounds maintenance for residential communities and commercial properties.

Pest Control

Scheduled and reactive pest management for residential, commercial, and hospitality properties, delivered through certified specialist partners.

Water Tank Cleaning

Municipal-compliant tank cleaning, disinfection, and certification for villas, apartment buildings, and commercial properties across RAK.

HOW IT WORKS~

- 1. Site Survey** — We visit your property, understand the scope, and identify what's needed.
- 2. Custom Plan** — We build a tailored schedule combining cleaning, maintenance, and specialist services.
- 3. Single Point of Contact** — One account manager, one invoice, one team that knows your property.

WHY HALOCLEAN~

What Sets Us Apart

RAK Expertise, Not UAE Breadth — We serve Ras Al Khaimah exclusively. That focus means faster response times, deeper local knowledge, and teams that know your community.

Digital-First Booking — Book online or through our app in minutes. No phone queues, no waiting for callbacks. Choose your service, pick your slot, and get instant confirmation.

Ecolab Professional Products — We use Ecolab’s professional-grade cleaning range — safe for families, children, and pets, and effective in the UAE’s demanding climate.

Transparent Pricing — Every quote is based on your property and service type. You see the price before we arrive. No hidden charges, no scope creep.

Consistent Teams — Recurring clients get the same team wherever possible. Familiar cleaners mean better results and less time explaining your preferences.

Property Management Perspective — Through our sister company WayHome Real Estate, we understand properties from an owner’s and manager’s perspective — not just a cleaner’s.

AREAS WE SERVE~

Every Community in Ras Al Khaimah

We provide cleaning and facilities management services across every community in the emirate. No location surcharges, no restricted zones — if it’s in RAK, we’re there.

<p>Waterfront & Resort</p> <ul style="list-style-type: none"> * Al Marjan Island * Danah Bay * Mina Al Arab * Al Hamra Village 	<p>Residential</p> <ul style="list-style-type: none"> * Al Nakheel * Al Dhait North & South * Khuzam * Yasmin Village
<p>Urban & Coastal</p> <ul style="list-style-type: none"> * RAK Corniche * Dafan Al Nakheel * Al Mairid & Al Juwais * Al Seer 	<p>Northern RAK</p> <ul style="list-style-type: none"> * Al Rams * Al Qusaidat * Al Jazirah Al Hamra * Al Hamraniyah & Al Turfa

PRICING~

Transparent, Competitive Rates

Our pricing is based on your property type, service required, and scope of work. Every client receives a clear quote before any work begins. No hidden fees, no surprises.

Service	Starting From
Home Cleaning	AED 35 / hour
Rug Cleaning	AED 100
Sofa Deep Clean	AED 150
Pool Cleaning	AED 150
Water Tank Cleaning	AED 200
